

Guaranteed Savings on Credit Card Processing Fees

The Oklahoma Center for Nonprofits has teamed with Bluewater Nonprofit Solutions to bring members a benefit that will significantly lower credit card processing fees. Bluewater's credit card processing service was designed for the special needs of nonprofit organizations, and makes it easy to process credit card payments through a website, on an iPhone or iPad, at special events, through the mail, and even through third party websites such as Salesforce.com.

Bluewater offers guaranteed savings on fees for organizations that already accept credit cards. Organizations that switch their credit card processing to Bluewater experience savings that range from 11-54%, with an average savings of about 24%. If you're looking to reduce your processing fees and make it easier for donors to support your organization, Bluewater's credit card processing service is right for you!
